# Po-Yi Lin | Curriculum Vitae

No. 1, Sec. 4, Roosevelt Rd, Taipei, Taiwan (ROC)

**≥** b10202058@ntu.edu.tw

### EDUCATION \_\_\_\_\_

#### **Bachelor of Science, Physics**

National Taiwan University (NTU)

Sept., 2021 - July, 2025

Taipei, Taiwan

## Employments \_\_\_\_\_

Research Assistant

Aug., 2025 - Present

Institute of Mathematics, Academia Sinica

Taipei, Taiwan

**Undergraduate Researcher** 

June, 2022 - Jan., 2024

Data-Intensive Astro Lab, Institute of Astrophysics, NTU

Taipei, Taiwan

## Skills\_\_\_\_\_

**Programming:** Python

## Projects\_\_\_\_\_

#### Information efficiency of E. coli

Dec., 2024 - Present

Study the movement of E. coli from a statistical mechanics viewpoint.

Mentor: Prof. Cheng-Hung Chang

#### Constraining the physical properties of the CGM with high-resolution spectra

Jan., 2022 - Jan., 2024

Developed a state-of-the-art method to quantify high-resolution galaxy spectra in the era of big data.

Mentor: Prof. Ting-Wen Lan

## Conferences & summer school \_\_\_\_\_

#### International summer school on nonstationary time series analysis for biomedical artificial intelligence

Learned time series analysis.

June-July, 2025 Taipei, Taiwan

#### Taipei Astronomy Workshop

Presented my research.

Jan., 2024 Taipei, Taiwan
